

Dear Parents/Guardians,

Please take a moment and talk to your camper(s) about his/her experience at camp. The sole purpose of this survey is to get an informal impression of the types of experiences that your camper(s) had during this summer's camps. Your feedback is important to us as we look at ways to improve and plan for future summer camps. All suggestions, concerns, and comments we receive will be given consideration and will be held confidential. Thank you in advance for your participation in helping us make the summer camps exceed all expectations.

Please fill out a separate survey for each camp that was attended.
